Our specially designed men's facial includes deep cleansing, exfoliating, and extractions. Special products combat the effects of environmental damage, while cleansing and healing men's stressed out skin. For best results, please shave before facial.

Chemical Peels

Help your skin look fresh and radiant. By gently removing the outermost layer of skin, our SkinCare Peels correct pigment irregularities and help control acne.

VITALIZE PEEL \$150

Ideal for all skin types, this unique peel combines retinoic acid and alpha-hydroxy acid to improve skin texture and pigmentation. One of the safest yet strongest chemical peels available, this treatment is especially effective for photodamaged skin and acne. An excellent maintenance therapy for your skin after photofacial, Fraxel, or other laser treatments. For maximum benefits, treatment every three weeks is recommended.

Vitalize Peel Series (6 peels) \$685

CLARIFYING PEEL \$85

An innovative formulation of salicylic acid, the Clarifying Peel improves uneven pigmentation and helps unclog pores. Especially effective for acne and skin of color. To enhance prescription treatments, peels every two to four weeks are recommended.

Clarifying Peel Series (6 peels) \$400

SkinCare REFINITY PEEL 4 peels \$275

Designed as a series, the SkinCare Refinity Peel is for sensitive skin and rosacea. Comprised of mild alpha-hydroxy acids, this peel gently refreshes, renews, and restores sun-damaged skin. For smooth, silky results, treatment every two weeks is recommended.
